# ***DOLL WITH DOLLS***

Playing with dolls is a pastime neither guys nor gals ever really get over, the difference being that the fellows prefer the living, breathing variety like Sally Lippeau, while femmes like Sally go for the toy-store type with the frilly clothing changes and the squeakers in their mid-sections that take them back to their little girlhood. Many a man might sigh at the idea of playing house with Sally, but most wouldn't have a chance; she'd rather collect dolls than listen to the wolves — until that right guy comes along.

It's easy to see what makes  
her beaux call Sally a real,  
live doll;" she's so cuddly!

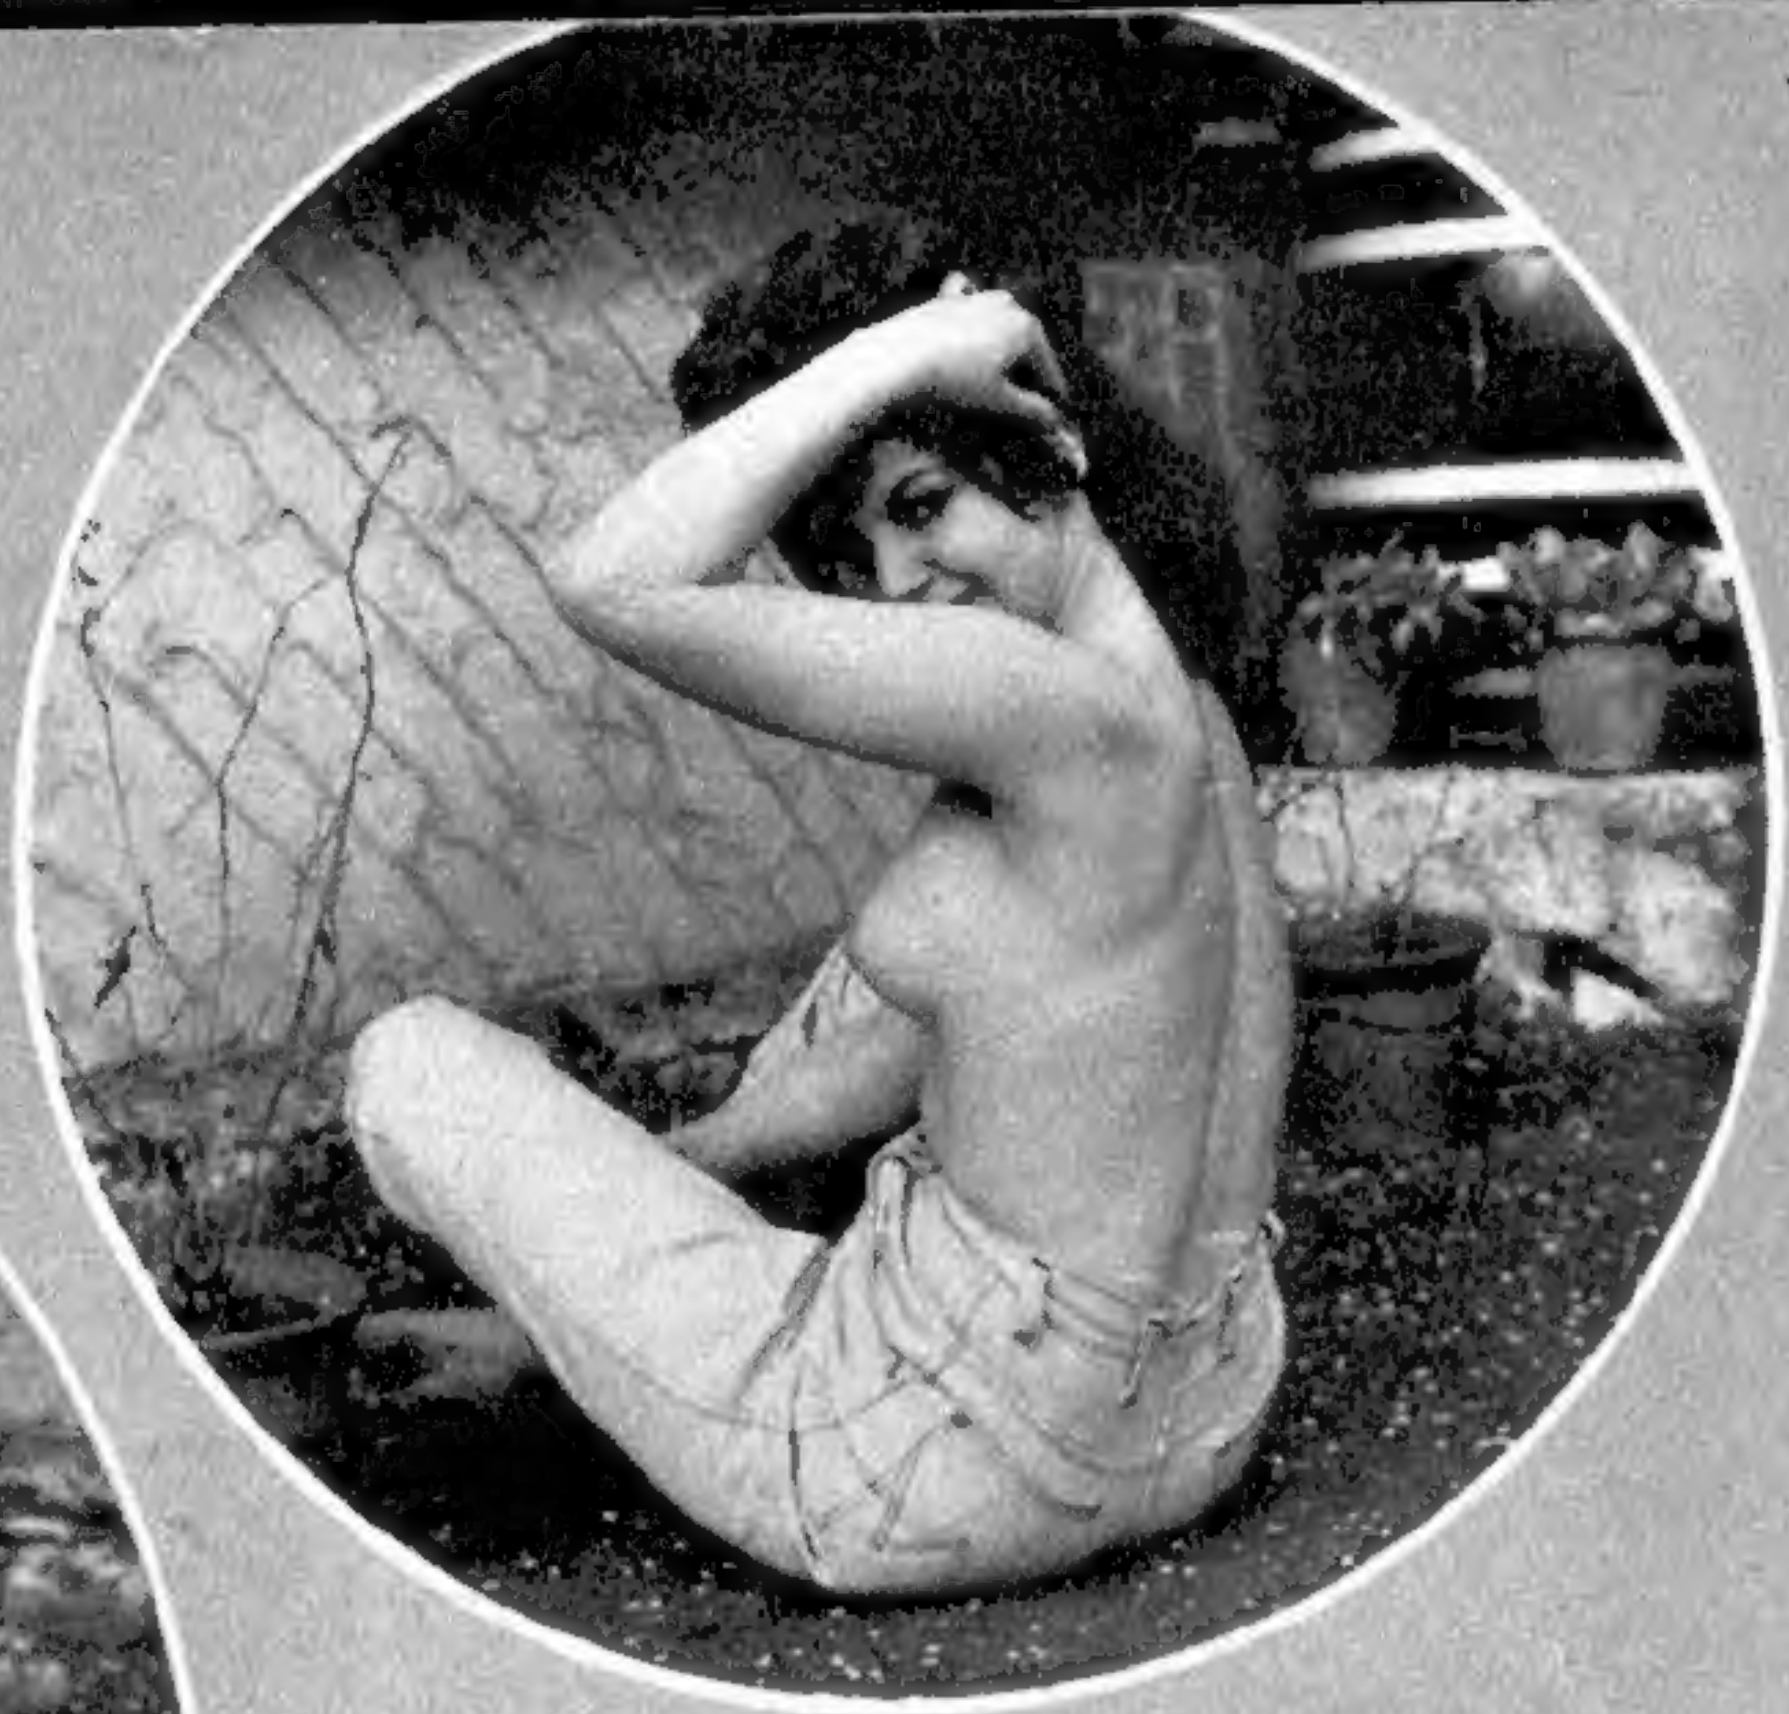

# TEMPERATURE 360°!

*A circle is the sum of its curves, and when those encircled curves belong to a beauty like Sheila Brennan, 38-26-36 add up to a tantalizing 360° of eye-filling, geometrically perfect torridity!*

No, you can't square a circle. It just doesn't figure; especially when there's a hip figure like Sheila's sweetening up the pi in the round!

But let's leave the arithmetic to the math experts. Glamor goes by the way it looks, and not by the geometry books.

There are an infinite number of points on the circumference of a circle; and infinite allure with Sheila framed inside it.

# PORTRAIT

There's more to framing a frame like Carla Camelli's for pictorial purposes than merely squaring the curves. It takes real photo know-how to set the mood and pose the poser so that every one of her lush points of allure shows to advantage. Result? A portrait of pulchritude!

# Hi-Fi Lovely

What could be tweeter than tweeter-twisting hi-fi fan Jan Marlyn, a jazz-lovin' lovely who's in the groove when it comes to lending an ear to the latest in rhythmic recordings?

*See next page*

It took Jan two years to save up enough money to buy all the components for her hi-fi set-up and shortly after she completed it, the nasty manufacturers came out with the new stereo sound units. Jan didn't let it daunt her spirit though. She just started saving all over again and soon she'll have enough moola to update her listening enjoyment with a stereo rig. Meanwhile, she still gets a kick out of hi-fi. And we get a kick out of Jan!

Jan may have a perfect ear for form and beauty in music, but breathes there a man with soul so dead who doesn't have an eye for the perfection of form and beauty that is Jan. This luscious package of pulchritude is currently decorating Miami.

# FROM SMORGASBORD TO SHUFFLEBOARD

Inga misses the delicious smorgasbord repasts she was used to at home, but she's found a new delight in a sport strange to Sweden, but popular in California. This is shuffleboard, and Inga's been spending her leisure time improving her skill at it.

The Swedish delight's also discovered, to her surprise, that she likes water skiing better than the ordinary snow skiing of her native land. This is part-and-parcel of the pleasure Inga found in switching from a cold climate to a warm one.

When Inga Swenson hopped an ocean liner from her native Stockholm to the good old Oo-Ess-Ay, Sweden's loss was America's gain, and the gain can best be measured in terms of Inga's 38-24-37 inch figure!

"I just love American men," says Inga. Asked to explain why, she said it was because of their considerate attitude towards women generally, and towards herself particularly. Then she pondered, grinned and admitted Swedish men also act that way.

# CHERI-BLOSSOMS

Spring is the time of year for new blossoms to appear, and blossoming on the tree of talent is Cheri Southerland, sparkling brunette from Terre Haute, Indiana. A state-wide contest won her a scholarship to study acting in New York, where she currently is appearing in long running off-Broadway success.

She seems to have a natural flair for comedy in addition to her natural beauty. At the U. of Indiana she headed the cheering team and was "Campus Queen" in her senior year. A sociology major, she switched to dramatics on graduation.

# Anatomy Award Winners of '63

Donna Frey's perfect proportions landed her among our top sixsome.

The '63 models are among the curviest in recent glamor history, and picking the tops among them for our annual beauty awards wasn't easy. So here are our selections, and if you don't quite agree with the placements, remain calm. Be sure that we're still looking!

Grade A talent with a torso to match, brought Eve Lang recognition as the third place winner in GALA's contest.

Although relatively new to the modeling field, Janie Thorneberry's inexperience didn't keep her from copping fourth prize in contest. Judges felt her natural attributes deserved it.

WELL SIR, this has been the kind of month for GALA's editorial board that makes its members glad they didn't become plumbers. A good plumber might make more money, but he'd never get the chance to be a contest judge in GALA's annual competition to pick the finest female figure of the year. But that's what we here at GALA have been doing this month, and the only ones that object are our wives, who don't like the looks of disillusionment when we tear our tired eyes away from the photo entries to look at them. It's no wonder, for the entries this year have undoubtedly been the most imposing in a long time. Indeed, it's been many a year since we've seen a collection of curves that quite matched up to these, and not only that, but they also prove the long-neglected leg-and-hip line is coming back into its own. Yes, there was something to suit every taste, from that of the hipped-on-hips office boy to the editor who graduated from Harvard and always looks at the faces first. Weeding out the winning finalists wasn't easy, and then picking first, second, third and so forth was even harder. But what a great job!

Runner-up to Jane was bosomy, blonde Dottie Shawley who was picked for the number five spot due to those curves.

In the kind of photo finish fellows dream about, Barbara Wayne ended up in second place. But there are still those on the GALA staff who are hollering for a recount 'cause Barbara 'll never be anything but first to them.

Gentlemen, the Queen! And what a queen Joanne is with her 39-26-37 measurements on a 5'6" frame.

The winner! Joanne Duncan, and a truly great champion she is too, possessed of all the qualities which go to make up a GALA beauty queen, and possessed of them in such a curvy abundance that one of the most difficult tasks the judges faced was the one of selecting the photographs of her to be shown on these pages. It seemed the photog was unable to take a pic of Joanne that didn't turn out to be a work of art. The ones that weren't used are on the wall of the editor's office. What an inspiration!

Just 21 years old, Her Majesty hails from Western Florida, where the natives boast that California has nothing that can match her.

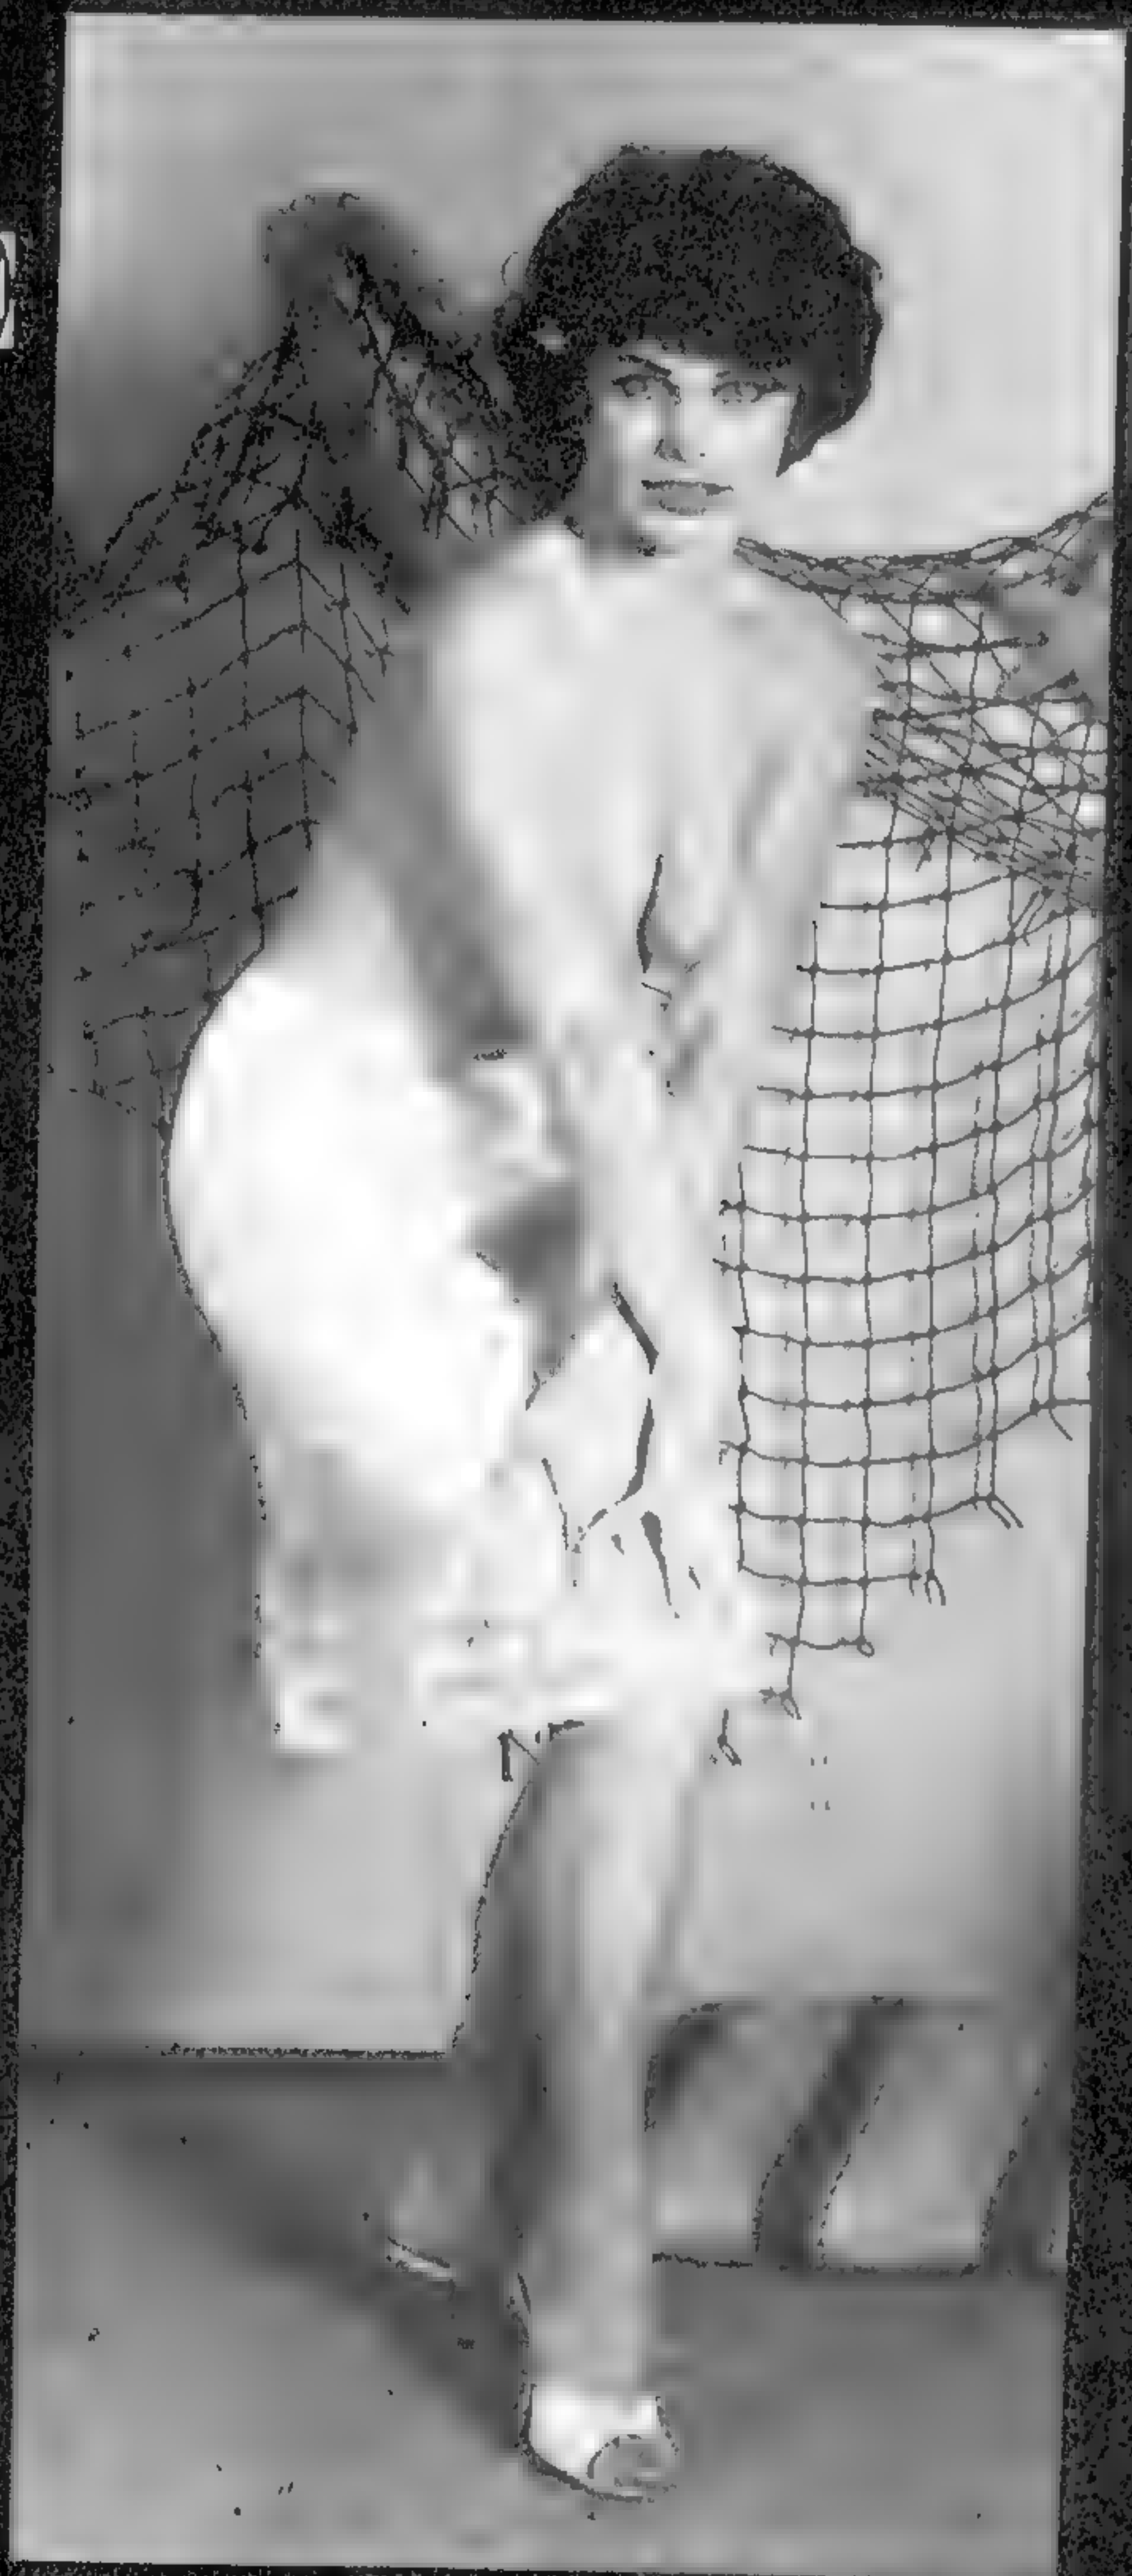

# FORWARDS OR REVERSE

You can read this one from left to right or vice versa, depending on which way your gears are meshing. Or try zipping back and forth a couple times. You may strip your gears from all this stripping, of course, because either way Pat Stockton is a sizzling sight.

Is she starting to get undressed, or just finishing dressing? Who knows? Who cares?

She's just a slip of a girl, only 19 years old, a figure that measures 35-22-34. A Texan, from Waco.

These could be either the beginning or the end of a photo set, but it's definitely just the beginning for Pat's model career.

# ***SUPERBIA*** ***from suburbia***

With all those books and movies lately talking about suburbanites and exurbanites and commuters and computers and all, there seems to be one inescapable fact—that the cuter commuter is the gal from the suburbs. Nobody has dared to say it, and we can't even tell you why, but scratch even a big city beauty and the bet is that originally she was a suburbanite. All we can offer for proof at the moment (about 100 proof we'd say) is Trina Castillo from Ventura, a town that's just outside Los Angeles.

How'd you like to meet her some morning on the 7:53? Start your day off with breakfast a la Trina! A dish fit for any mortgagor.

A 21-year-old U.C.L.A. junior, she lives a typical suburbanite small-town existence; her social life centers around school beaus.

Trina's a hazel-eyed  
blonde, would like to  
go on to graduate work.

# Dippin' With A Pippin!

There's nothing like a dip *au naturel* in a heated indoor pool to kill the chill of winter. But this pool warms only Betty; still, her pix bring warmth to all.

The biggest square  
can't help being hip to  
bosomy Betty's dip.

*Don't waste your time searching for the indoor pool graced by Betty Moss sans swimsuit. It's a strictly private one owned by a friend of hers, and visitors are not welcome. But there's no taking in scanning these pix!*

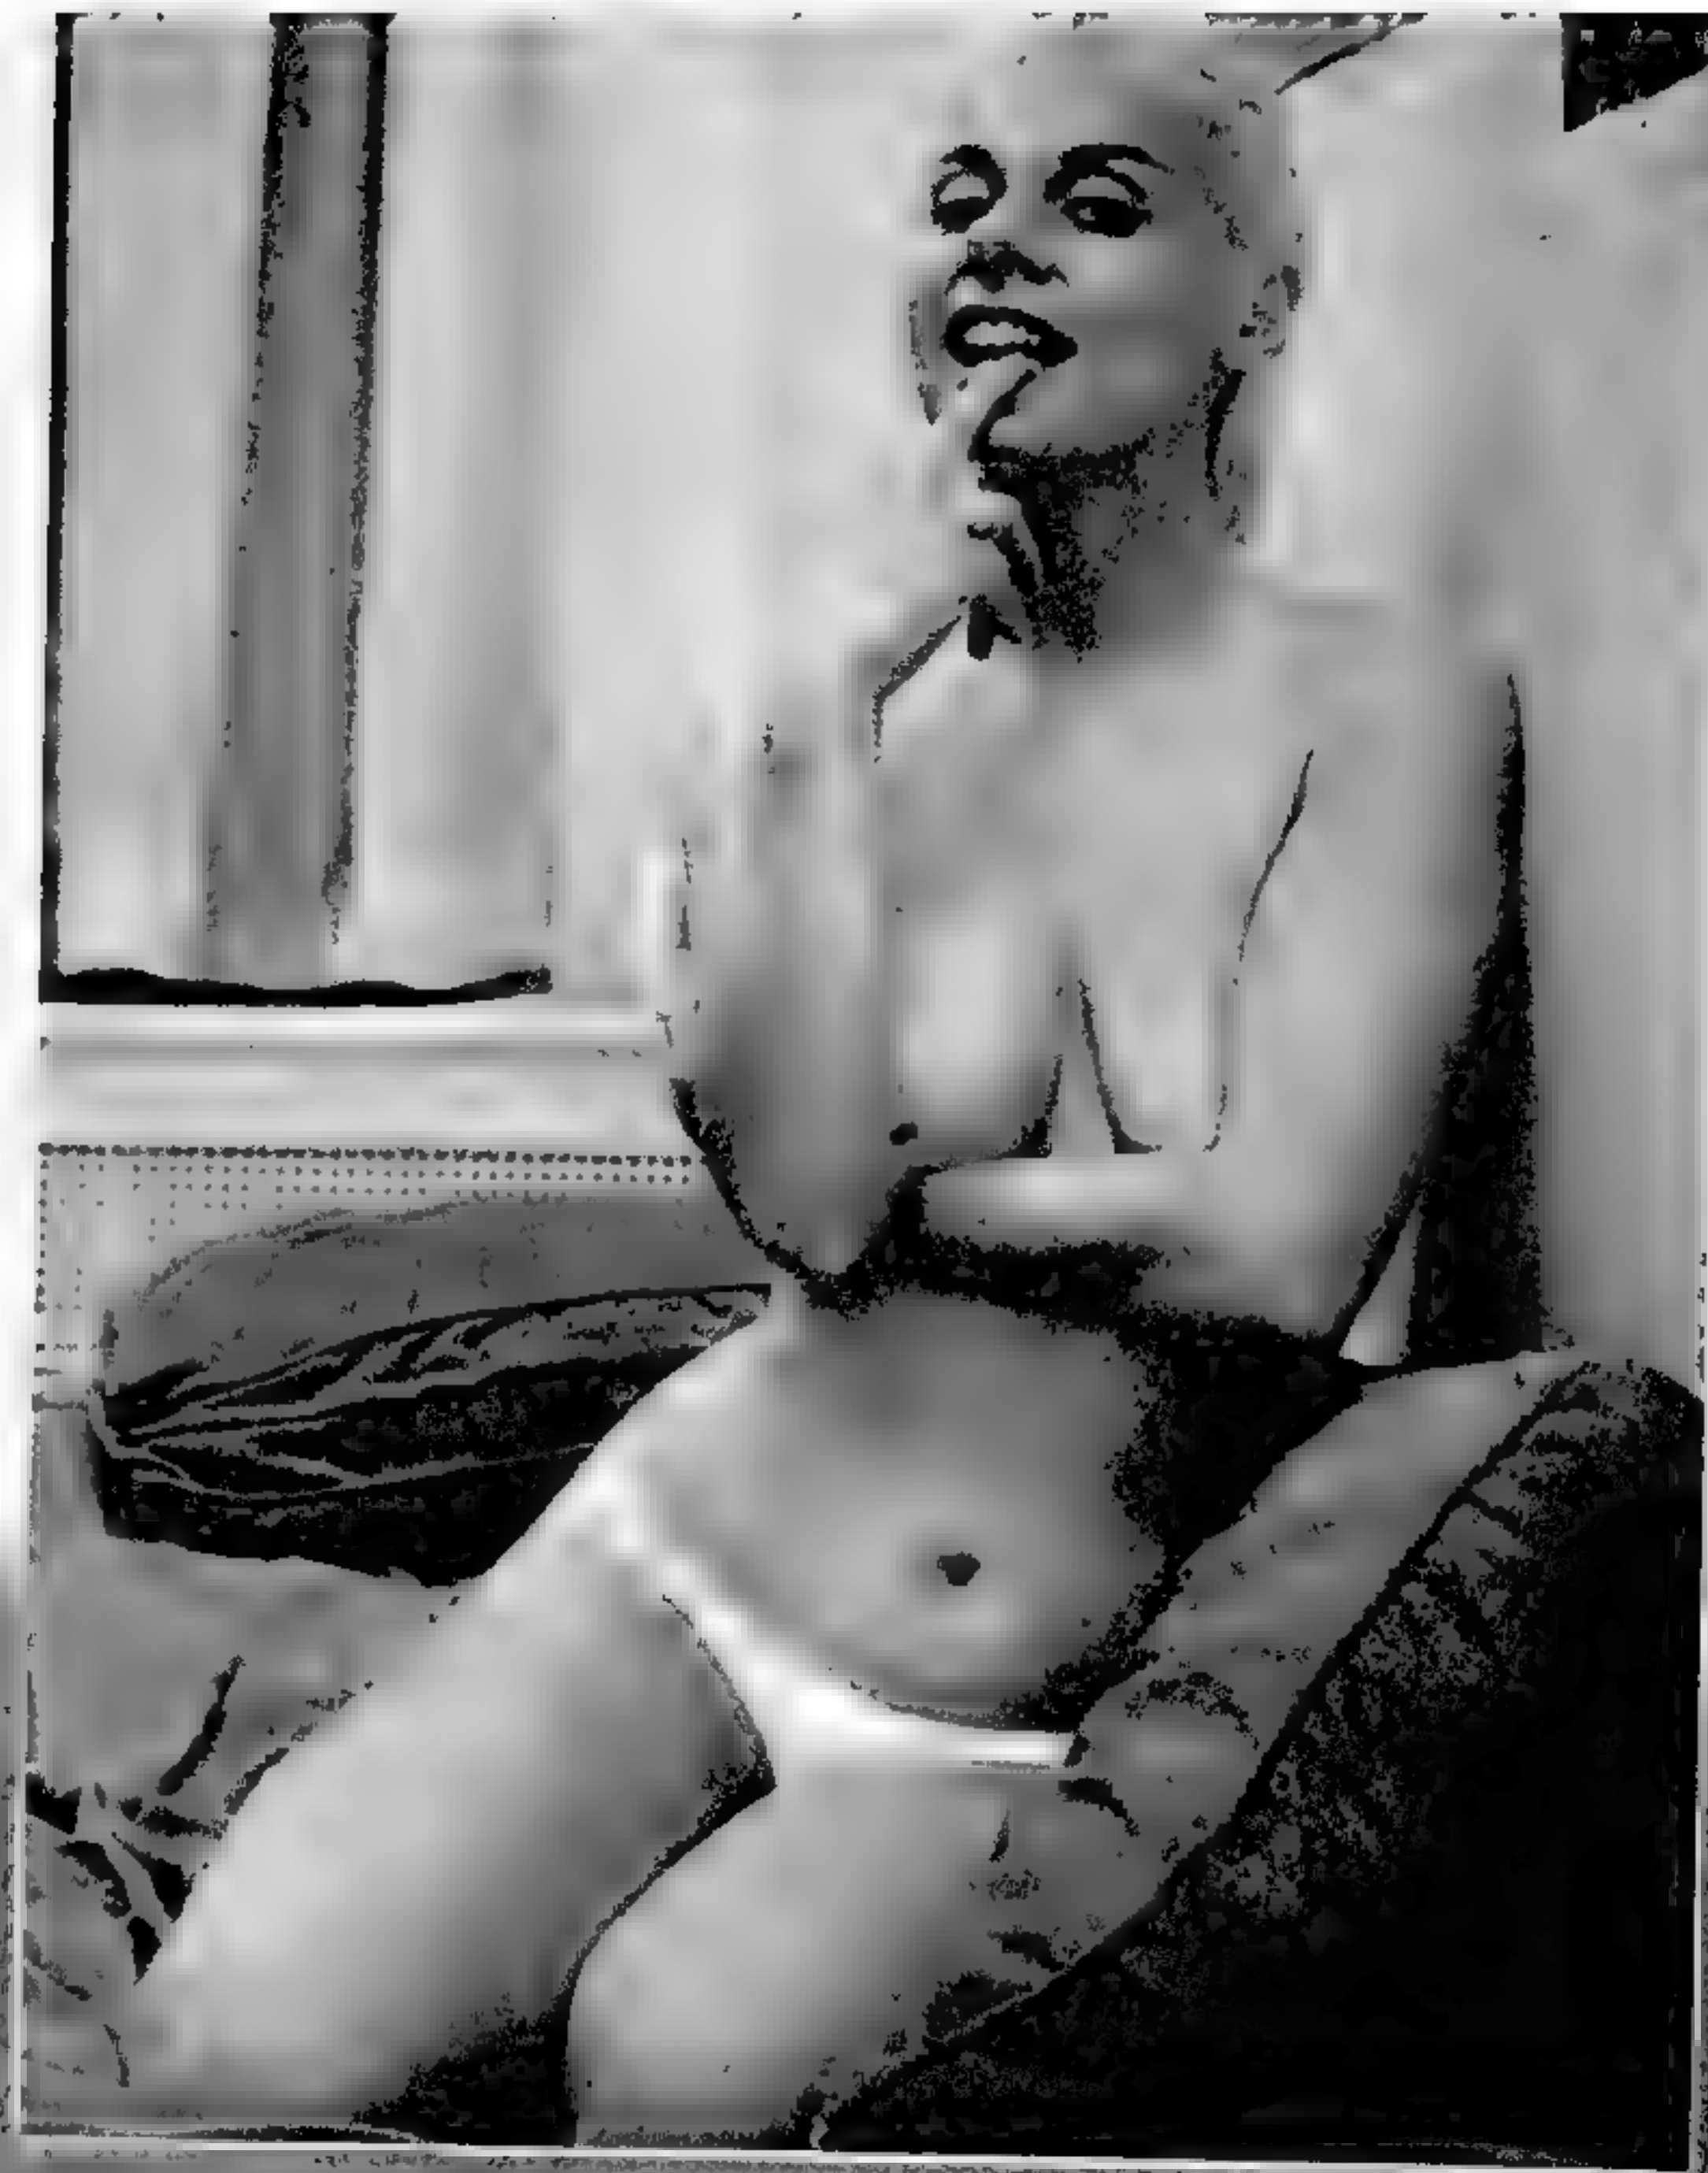

So our tip is to feast your eyes while you may. When the weather gets warmer, she dips outdoors in a more conventional suit.

# PRIZE FOR THE EYES

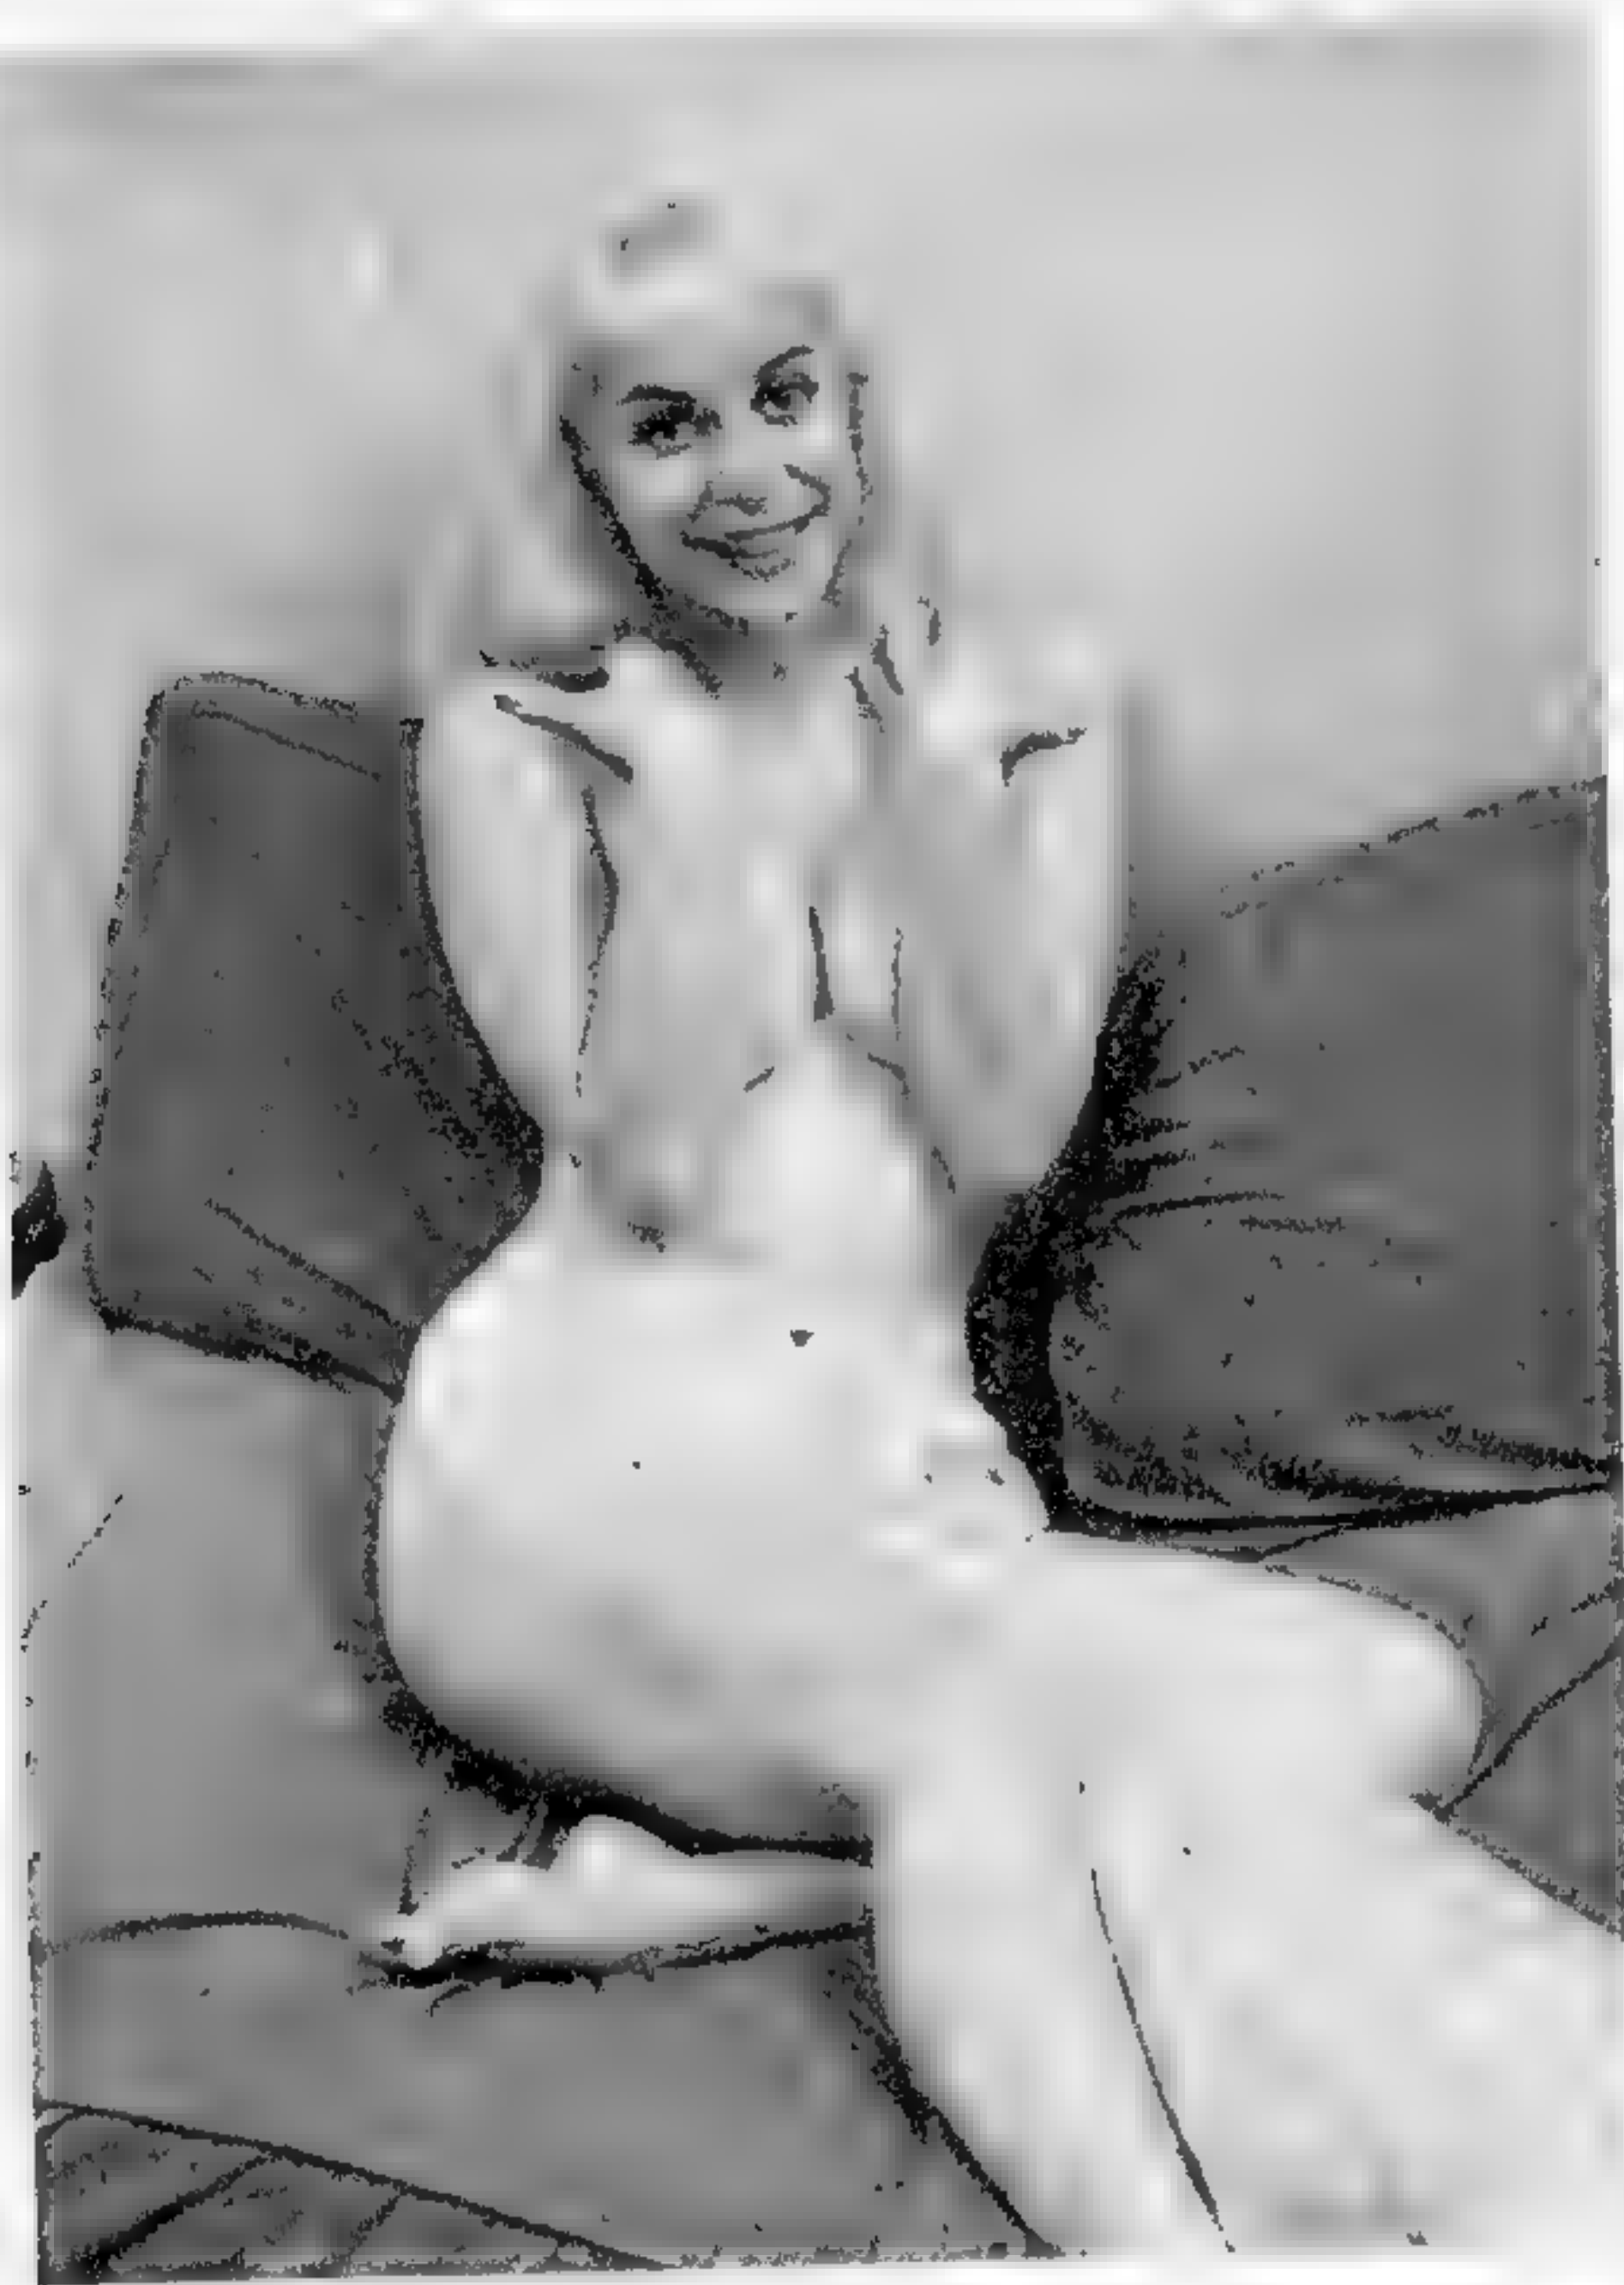

Here are a couple of pages for the artist's sketchbook, starring a young blonde hoydenish beauty named Mary Alagia. If Mary's figure looks just about perfect to you, compliment yourself for a keen eye—for Mary just won first prize in the Chicago Illustrators Society 1963 "Perfect Illustrator's Figure" contest.

Mary's versatile modeling career has put her face and her figure in all kinds of magazines; she has done fashion, art, glamor, and advertising.

Her 36-23-35 figure may not be considered "perfect" by some beauty academicians, but it's perfect for modeling purposes. Mary thinks the "flat look" is an obsolete beauty standard.

Born in Greensboro, North Carolina, she made the big move to New York two years ago (when she was 18) to help her career. She was spurred by winning a beauty contest in her home town.

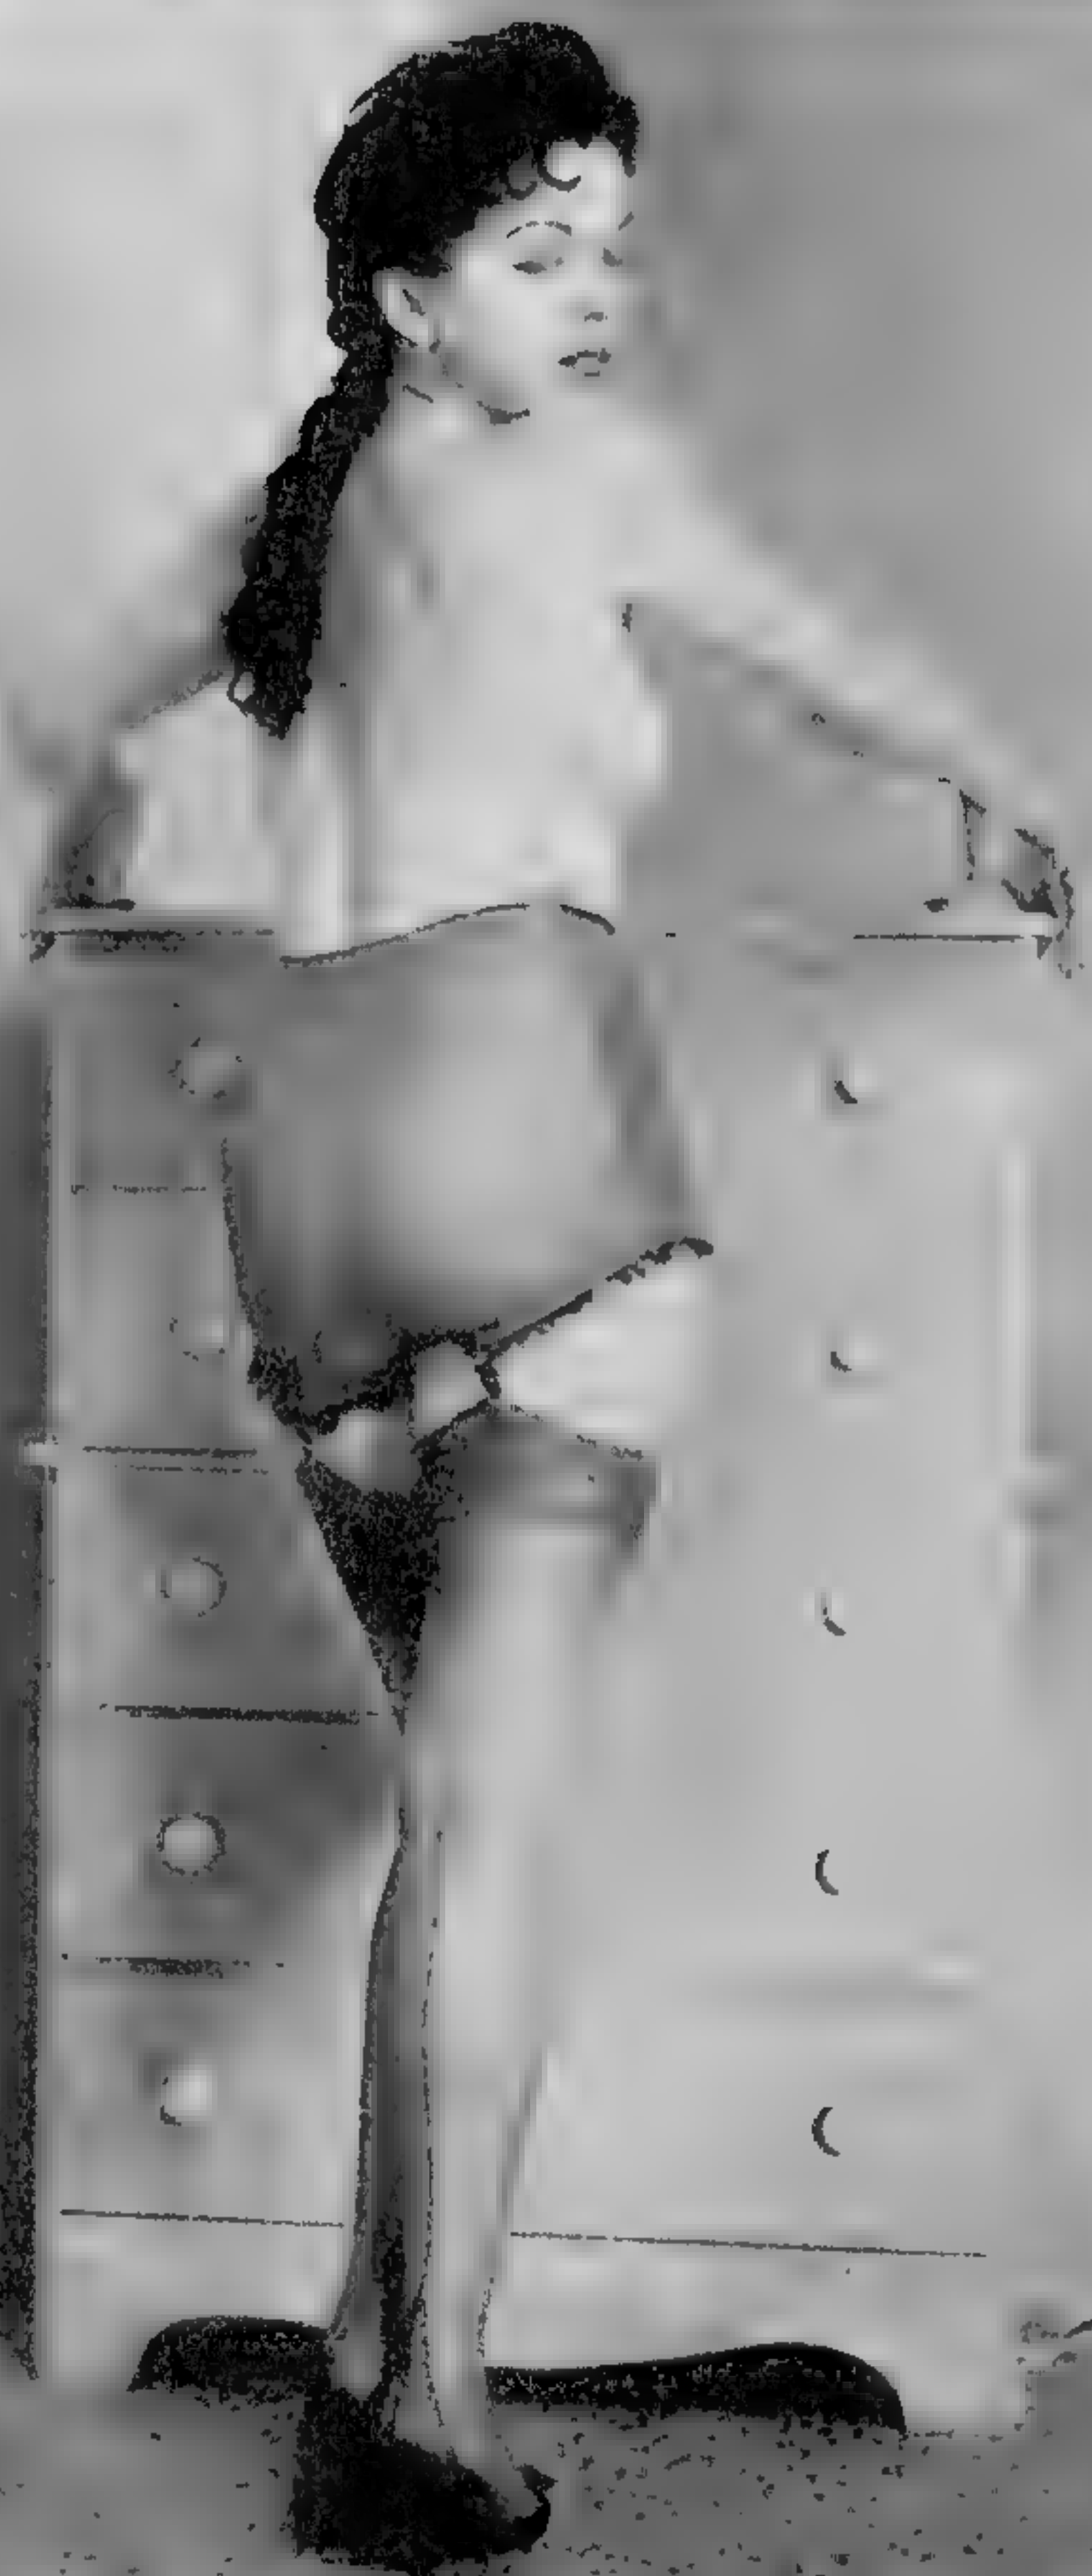

A bright girl with her brown eyes set toward the years to come, she's studying to be a school teacher at night, would like to teach history in high-school some day.

# Solitary vs. Solitaire

*"Live alone and like it," is one motto Esther Decker doesn't subscribe to. She's tried it, and now would like to try it the other way. That is, if only the right guy will slip her the ring!*

Old Maid is one game of solitaire she's in no danger of playing with her pert allure.

Esther would gladly trade her solitude for that real solitaire diamond engagement ring.

It's not for lack of being asked that Esther's single. Her phone buzzes constantly, but it's never Mr. Right.

# Form and

Two especially graceful poses are demonstrated by models Adelaide Brandwynne (l.) and Lori Parr.

Artistic use of shadows and highlights points up the bodily beauty of Zsa Zsa Barnacky in this foto.

# Grace...

are elements which must be present in all art. Nowhere are they so clear-cut as with the female figure, which is why painters and sculptors have always concentrated on it in their work. Nor has the art of photography neglected it, as these pictures so amply show!

The horizontal pose provided Goya with his "Naked Maja" masterpiece. Likewise, lie-down shot of Ronnie Wilson won photog prize.

The flowing fullness of Doree Hart's figure fulfill all critic requirements.

There's also great artistry in music like  
Bach's, particularly Ellie Bach's, which surely  
provides a symphony of form and grace!

**An American male and an English  
woman said almost all there is to  
say about the unadorned female  
form. They are Ralph Waldo Emerson  
and Elizabeth Barrett Browning . . .**

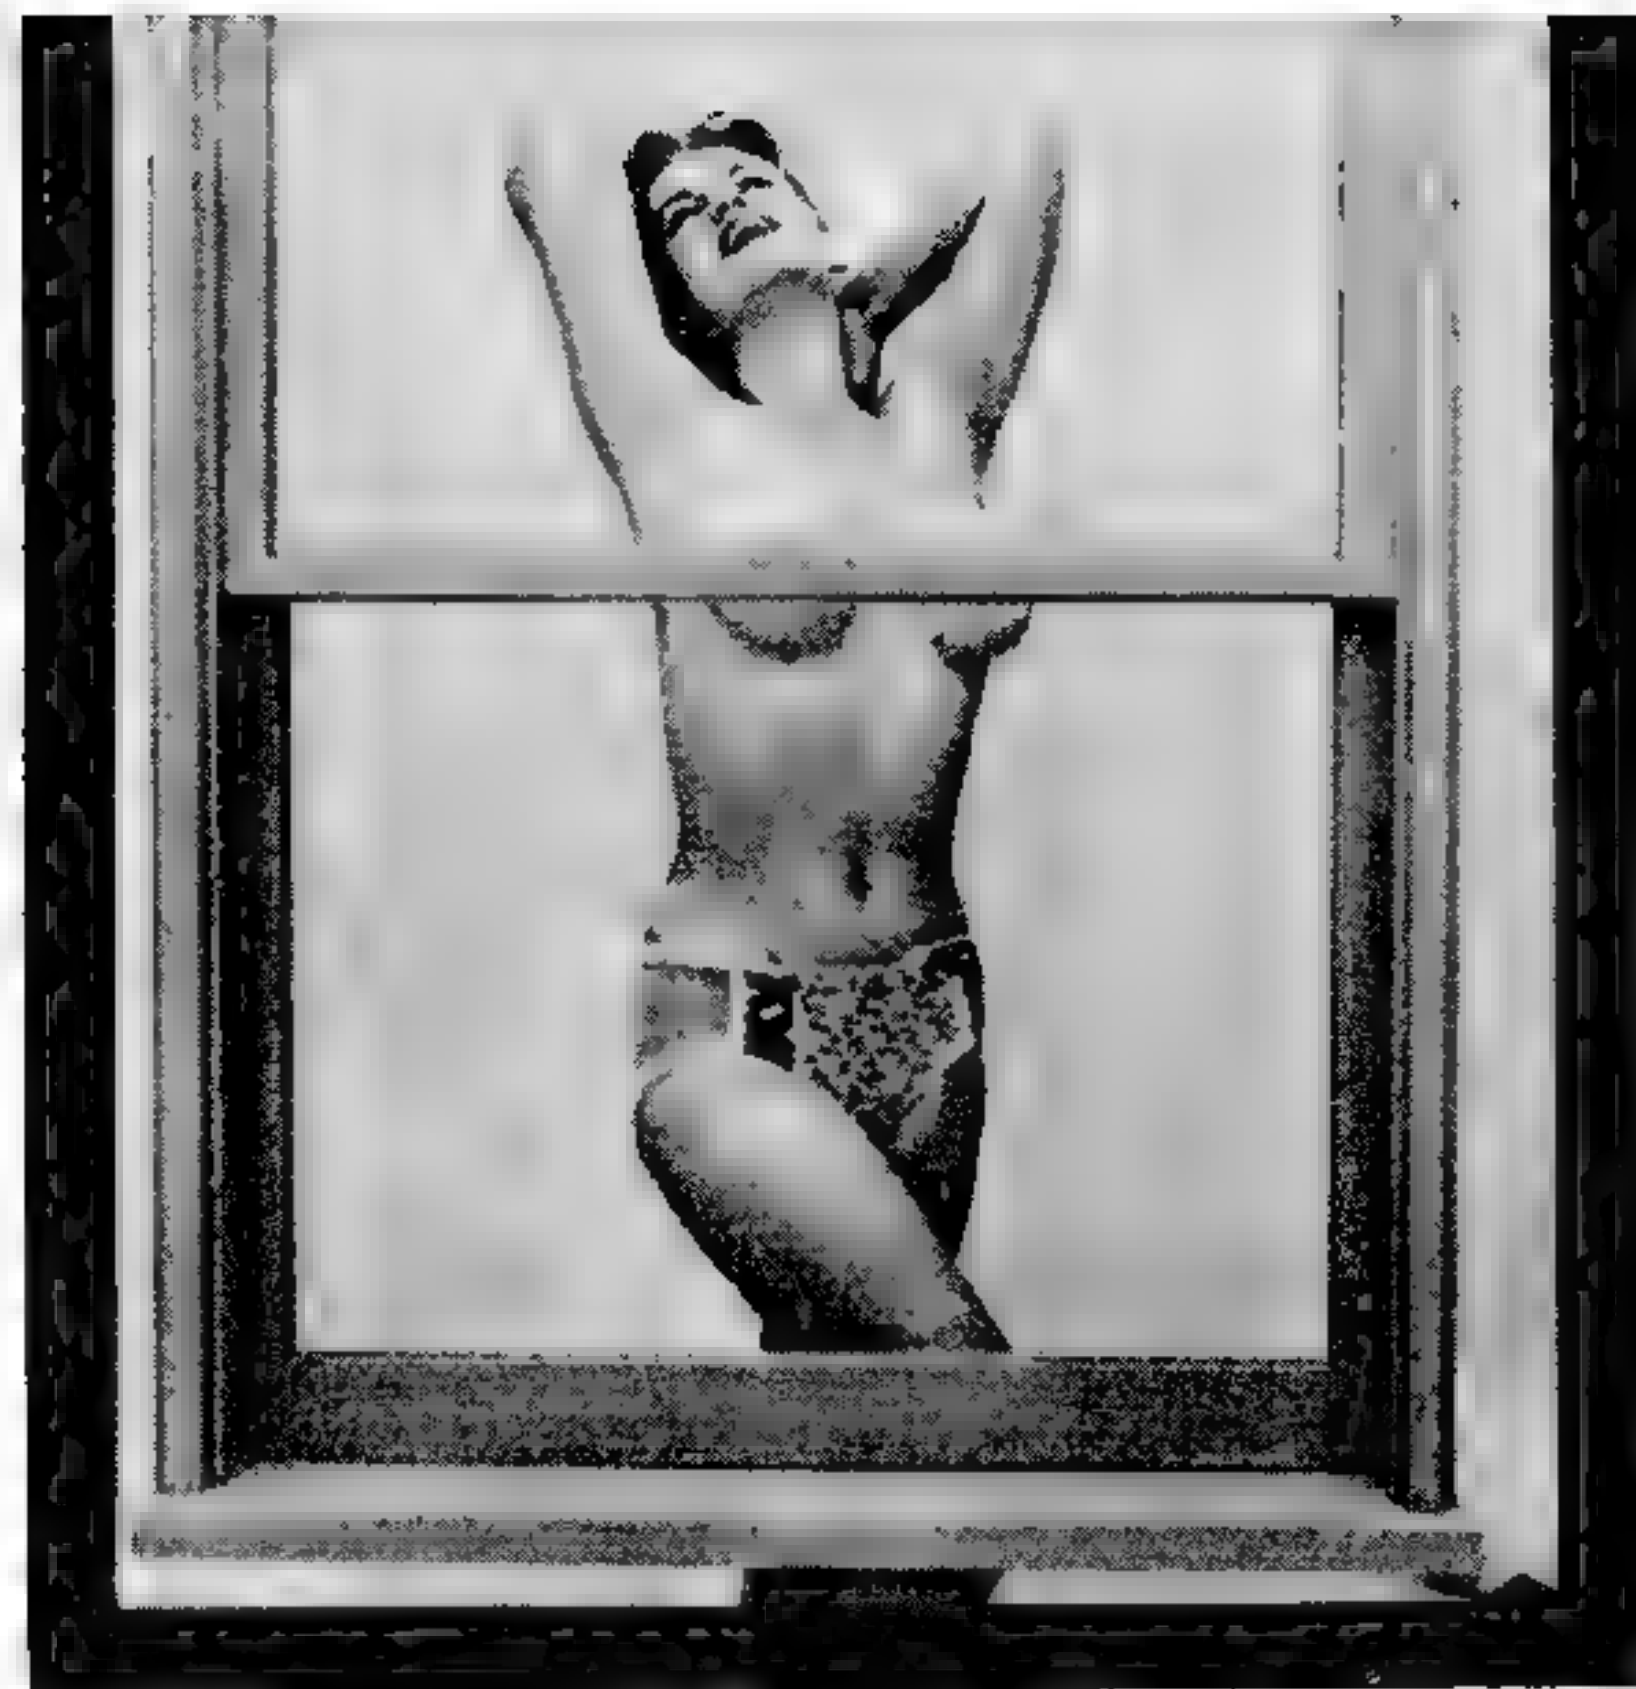

**Said he: If eyes were made for seeing,  
then Beauty is its own excuse for  
being. Said she: The beautiful seems  
right, by very force of beauty . . .**

# The Frame That Was Framed

**D**IFFERENT KINDS of pictures call for different kinds of frames. Traditional art is often best set off by intricately hand-carved frames. Portraiture lends itself to the gilded frame. Landscapes show up best when framed in natural woods. Modern art usually calls for the simplest kind of framing because of its wildness of color and design. Where photographs are concerned, on the other hand, there really is no set rule for framing. Each picture is individual and invariably the selection of a frame for it is dictated by the subject matter. That's why we picked a window frame as the best frame to frame the frame of shapely Ann Peters. She's a home-type beauty and it seemed most natural to present her at-home activities to view through a window. Actually, though, the idea is a photographic frame-up. The windows in her real home all have shades to cover her voluptuous 39-25-36 frame. ●

# A Pose Is a Pose Is

**A** LONG THE HIGHWAY of glamor, certain poses stand out as markers of success like beacon lights to guide the ambitious beauty. These are the poses which have made today's glamor girls famous. They are the poses which first made the public focus on them and nod approval. Among them are the famous much discussed calendar pose of Marilyn Monroe, the fetching, fur-draped photo of the then—newcomer, Jayne Mansfield, which attracted the eye of Hollywood talent scouts, and the much reproduced picture of starlet Vikki Dougan attending a party in a semi-backless dress which was responsible for launching her on a Hollywood career. To the girl in quest of a career, these poses and others like them symbolize success. Carole Dean is such a girl and her favorite daydreams find her picturing herself in such poses and projecting from them to a fabulous future. Here, she was given the opportunity to assume the poses for real and it's our bet that if those talent scouts have their eyes open, Carole's future may be just over the horizon. ●

An evening gown similar to this one brought nationwide attention to starlet Vikki Dougan when she was snapped in it at a H'wood party.

# a Pose

Certain specific poses have spelled  
success with a capital S to  
glamour queens. To the girl who wants  
to follow in their footsteps, these  
poses can be a reminder that  
success is just around the corner.

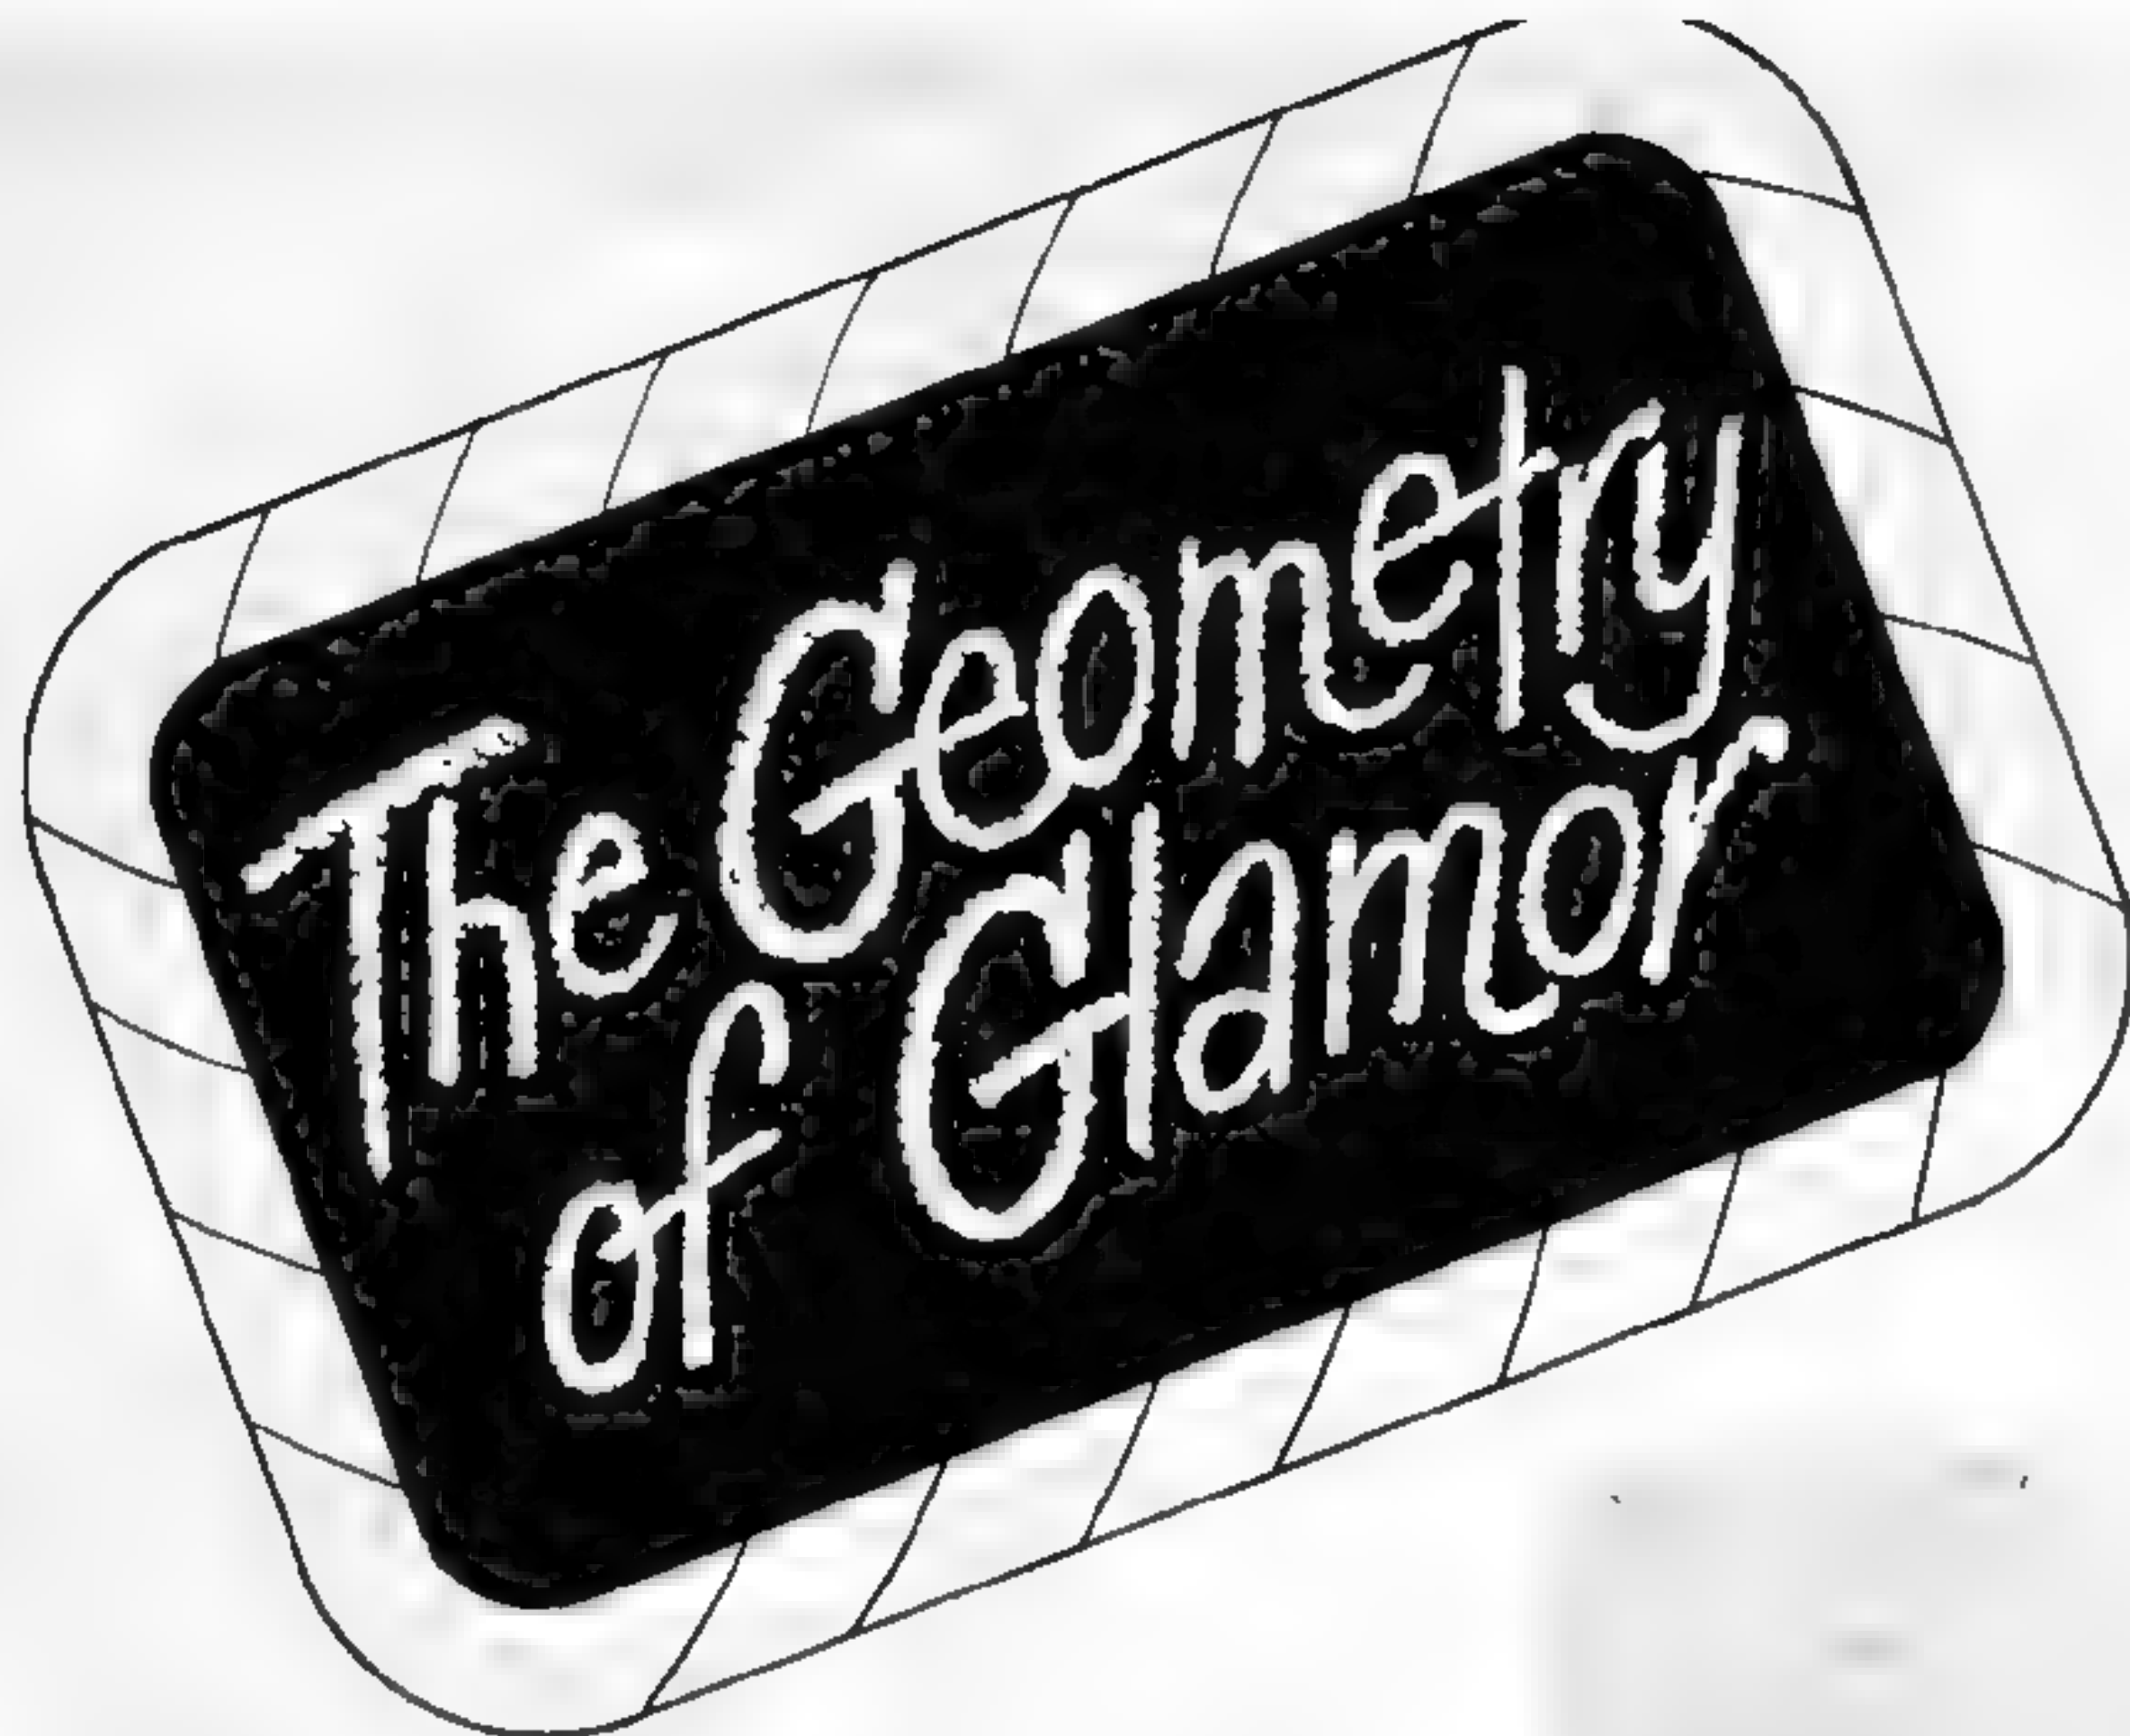

Famous Marilyn Monroe calendar pose is a favorite of Carole's. La Monroe was one of her idols whom she'd like to copy career-wise.

As fur-clad siren in a Broadway play, Jayne Mansfield became a star. So too, we believe, will Carole.

Presenting our own mathematical  
guidebook to illustrate the lines,  
curves and forms which make up  
the shapes of beauty. Begin with  
**Axiom #1: A curve is the sweetest  
distance between two given points!**

**Axiom #2:** A curve is considered  
a truly complete circle when it is  
joined to enclose curvy Kim Athas.

**Axiom #4:** A rectangle has all straight lines, but Lisa Kay doesn't.

**Axiom #3.** An eight-sided figure  
is called an octagon; a figure like  
Eve Frolund's is called terrif!

Axiom #6: A square is any male who doesn't appreciate the perfect roundness of a female figure like Nancy Owen.

Axiom #5: A pentagon has five sides. But this one has a sixth and perfect side shown by Joy Laine.

Axiom #7: All the angles add up when lithe Haydee Chevalier gets in an isosceles triangle.

Axiom #8. The semi-circle can come full circle in glamor when it frames the charms of a siren like Faye Harlowe.

# DANCE MAGIC

is the only way to describe the sensational routine of nimble nitery exotic Nancy Lewis. Her torrid tempo'd act sure proves that the moving torso is quicker than the eye!

Nancy's gyrations bedazzle the audience. Fortunately, our camera was fast enough to catch them.

Nancy has performed her tempestuous dance in night clubs from coast-to-coast. She's a particular favorite in Vegas where she's headlined many shows.

# GINNY'S HOUSEHOLD HINTS

For the man who lives alone,  
here are some tips on pad-keeping  
from our cover-girl Ginny Rogers

Q.: Mirrors frequently chip and need resilvering, which is costly. How can this be avoided? A.: A light coat of ordinary wax applied weekly protects mirrors.

Q.: But how can a person who works find the time for cooking? A.: There are many time-saving foods on the market like instant coffee and TV dinners. Use them.

Q.: What's the best way to clean a kitchen linoleum? A.: With a mop, soapflakes and warm water. Never use a detergent or stiff brush; they leave scratch-marks.

**Q.: How can rust-stains be removed from bathroom pipes?**

**A.: Hot water and either salt or baking soda will do it.**

Household hints may be all well and good,  
but what male who lives and still has two  
eyes in his head wouldn't give up the hints  
for the hinter. Ginny may be excellent as  
an expert in home economics; but as interior  
decoration herself she is simply perfect!

To be perfect one must be  
sound, flawless and complete.

Virginia, of course, easily  
fits the description without  
begging the adjectives.

Photographing Paris is any lensman's dream assignment. Paris is rich in beauty. Paris has spice and color. Paris is designed to present the best opportunities for artistry to the camera. And, it has been said, Paris is a woman . . .

# The Last Time I Saw Paris

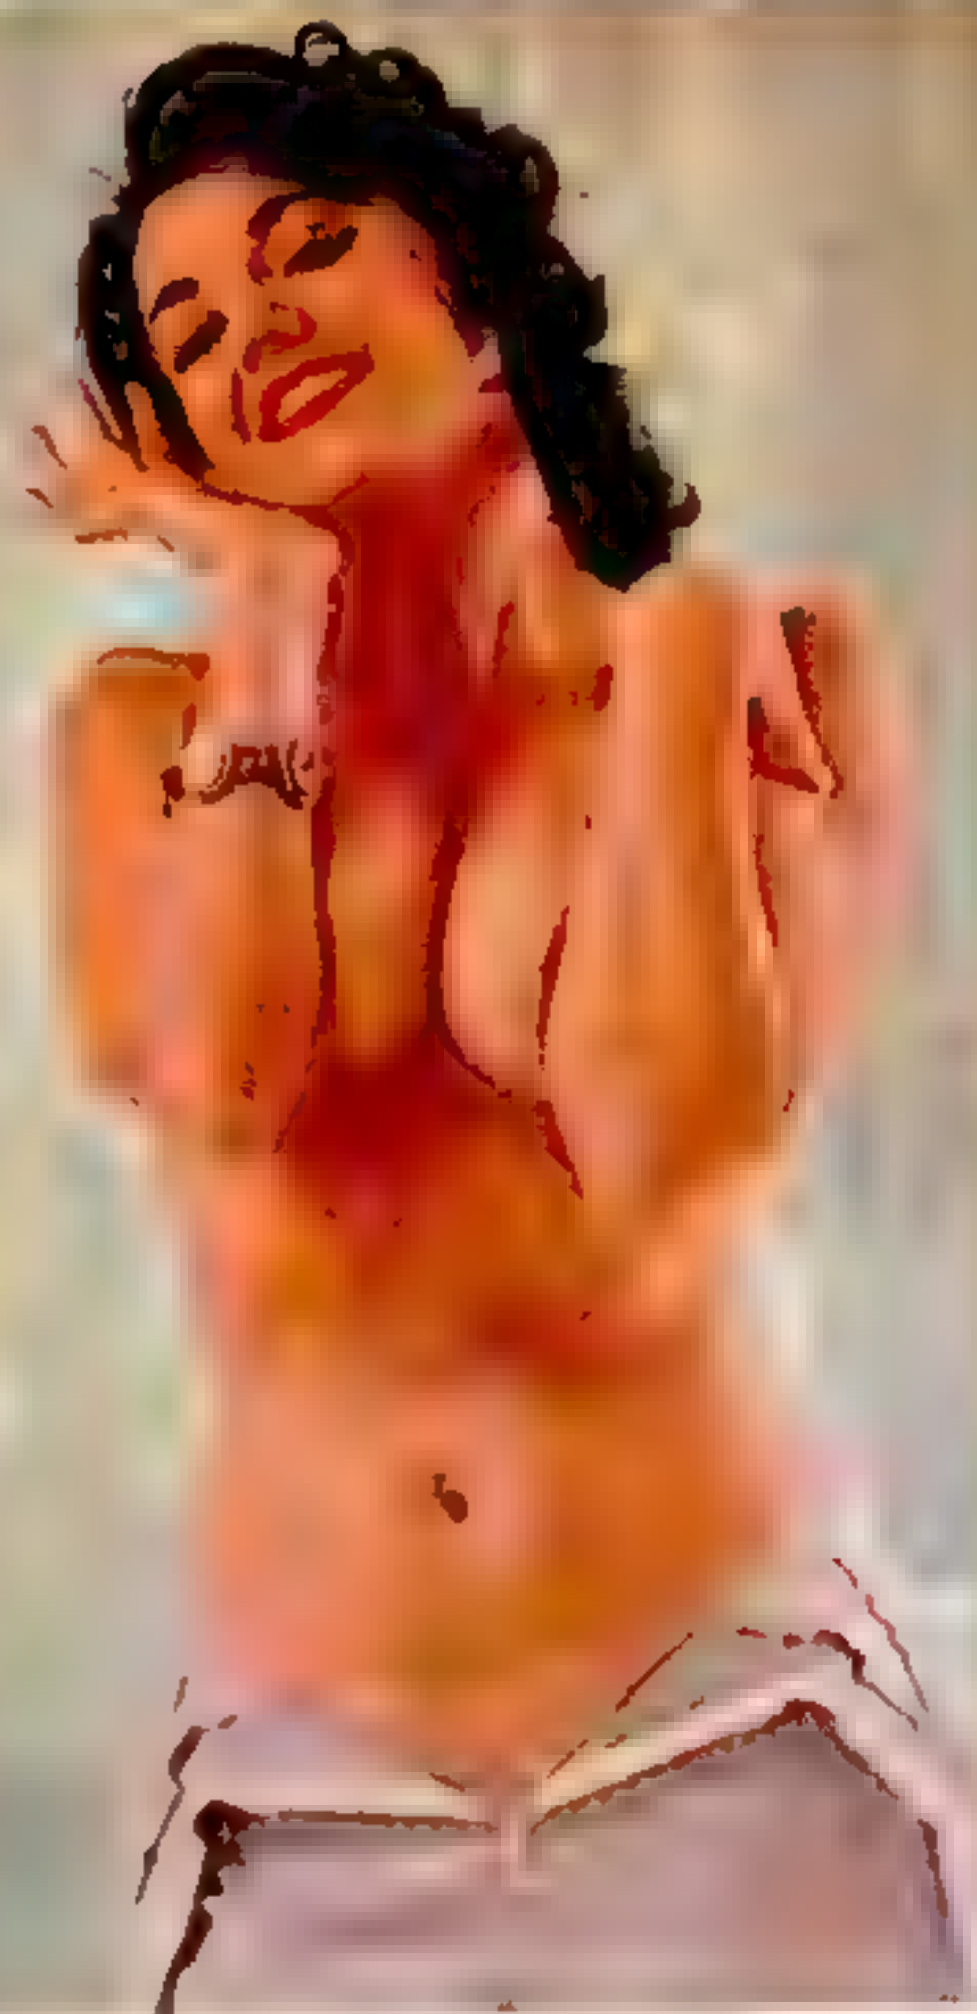

**... as scores of poets and composers have testified in words and music. Perhaps the best-known book on Paris was written by Elliot Paul and titled "The Last Time I Saw Paris." And the best-known tune by Richard Rodgers, also titled "The Last Time I Saw Paris," with the memorable lyric by Oscar Hammerstein that included the lines — "I heard the laughter of her heart in every street cafe." Yes, Paris is a woman!**

Rarely has the true spirit of Paris been captured on film  
so well as in these pix by Mario Casilli. Through them shines  
the vitality of the Champs Elysee on a spring day, the  
glamor of a night in Montmartre, the sultry appeal of the ever  
popular Folies Bergere and the grandeur of the view from  
the Eiffel Tower. All of this is in these photos of Paris—not  
the city—but Betty Paris, any lensman's dream assignment!

GO GO GO GAL

They call her the girl with a thousand movements and when she hits the stage and delivers a temperature rising dance, Apache style, her fans flip.

The green light is blazing as they all yell, "Go!" and Suzanne Robbins goes, like crazy, like mad. You can hear them howling for more at the Poodles Patio in Bourbon St., New Orleans, every-time this talented star makes the runway vibrate, bumping and grinding her curvy way through one of the most sensational acts ever to hit the historic street.

She just came back from a vacation in Europe, says, "New Orleans is superior to anything I saw there." She toured Holland, and Germany, and after visiting Paree brushed up on her showmanship with new ideas and a big batch of Paris strip gowns.

A black and white photograph of a woman, Yolanda Martino, in a tropical setting. She is wearing a dark, patterned sarong and large, ornate earrings. She is surrounded by palm fronds and other tropical foliage. The image is used as a background for the text on the left.

# SIZZLER FROM SAN JUAN

When Teddy Roosevelt  
climbed San Juan Hill in  
Puerto Rico, he made  
history. Yolanda Martino  
is the latest to climb  
that hill on her way to  
take a ship to these shores.  
We bet she'll sure make  
history in TV career.

Acting? Sure, she'd like it, but main ambition's to be a TV writer.

Yolanda has quartet of short stories to her credit already! Is working on suspense play.

She isn't too interested in numerology, but we know you are, so Yolanda's lucky numbers total 98... 36-25-37; right?

# SHADOWLAND

This is Shadowland, that dim and mysterious realm wherein lines give way to forms, color disappears to be replaced by shaded silhouettes, and virtually everything in sight is overshadowed, if you'll pardon the expression, by shadows. It was here in the eerie glow of Shadowland that our photographer captured the exquisite form of lovely Jean Heary posing against evening's fading light.

# Vane, but not Vain

Wilma may have been shortchanged on ego, but it's more than made up for by her figure. It measures 39-27-37. That's where it counts!

**What's in a name? Nothing at all where Wilma Vane is concerned. Her monicker might imply conceit, but nothing could be further from the truth. Actually, Wilma is the most modest of maidens. Praise makes her blush. This must keep her face red constantly because her beauty draws compliments the way honey draws flies!**

# Getting a Long with a Fotog

Carol likes being a model but has hopes in the future of publishing her own gag book. Last year she wrote a few comedy routines for local radio and television programs.

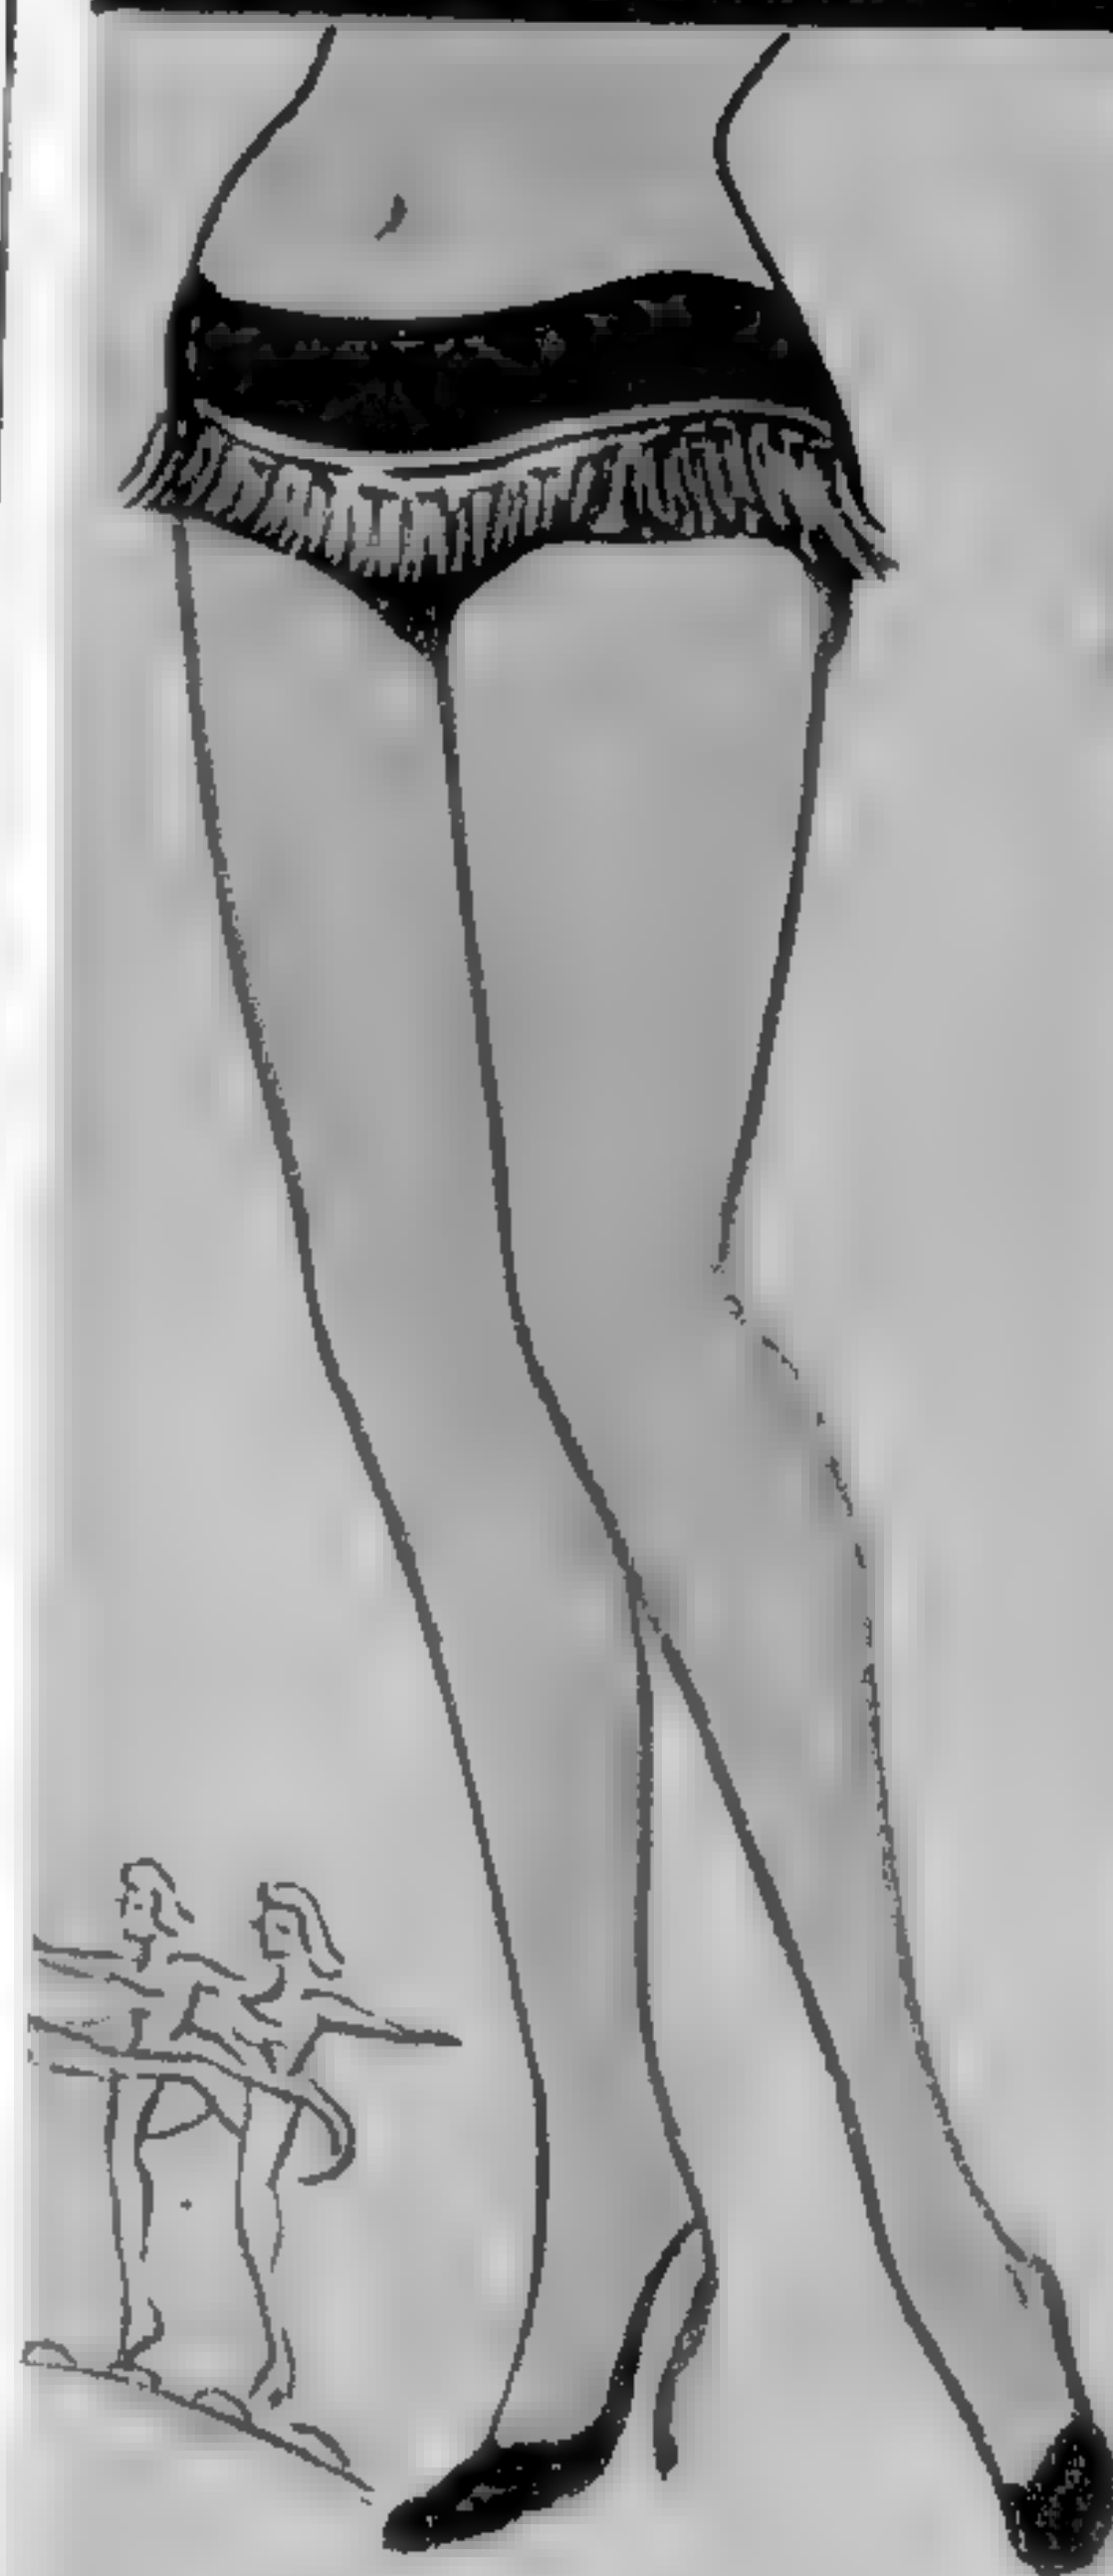

Have another: "If you're a student of English history you should enjoy this. Sir. Lancelot had a beautiful new suit of armor and Galahad liked it so much he wanted to buy it. He asked how much it was and Lancelot said, 'I'll tell you, old thing, it'll cost you four cents an ounce. And before you ask why, it's simply because it happens to be first class mail!'"

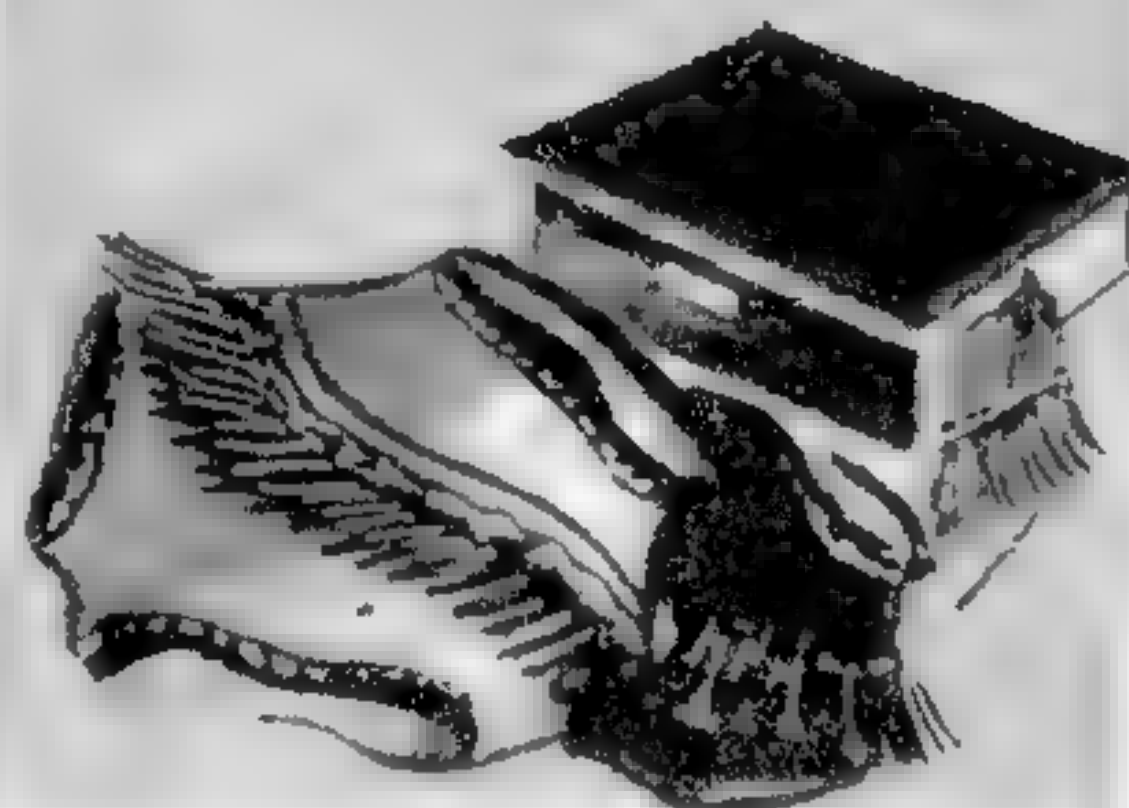

You'd never think serious faced Carol Long is an ace quipster, but she keeps her fotog flipping as he snaps. Sample one of her cuties: "Two bopsters were in India watching a native play a flute in front of a swaying cobra. "Terrif arrangement, hah?" said one. 'Who cares,' says the other, "just dig that crazy music stand, Jack!"

# DIAL PUTS ZEST

*When it comes to caring for her ivory skin, Christina Scott displays zest in her determined belief that brand names are the consumer's assurance of getting the best. We don't know if she's right or not, but with her Rinso-white, alabaster complexion, she's sure 'nuf a Dial-lightful sight to see!*

They say Duz does everything, but it really doesn't. No box of Duz ever looked as good in the suds as Christina.

Now, if Procter & Gamble were on the ball, how about this for a scene for a video commercial? But how'd they get 'em away from the set to buy?

# IN IVORY

Wolves take note: the only place in which Christina falls for soft soap is the bathtub of her very own home.

# MARCH IS WINDY . . .

The windy month of March has much in common with Windy March in that both are breezy.

. . . And both are full of sparkling zip. More than anything else, though, both the month and the miss are harbingers of sunny and pleasant times.

How can anyone smile lying on a crate? If you're a dancer like Windy it's easy: You're happy when you rest your feet.

(3) Its original drawings. These include not only the male and female organs, both external and internal, but of especial importance, drawings indicating both the correct and incorrect methods of penetration (with and without clitoral-penis contact). \$4.00.

# SHAW 'NUFF

*When it comes to torrid terpsichore, one look at the jolting gyrations of svelte Jody Shaw is enough to make any guy a fan of hers forever.*

# EVERYBODY TALKS ABOUT IT.... AND YET...

Today many sophisticated adults are unrestrained in TALKING about sex. But, this is as far as it goes. Deep down inside they feel the old frustrations. Deep down inside they know and feel their own shortcomings.

A well known doctor said recently that most people remain astonishingly misinformed on the subject of sex. He found that only ONE out of FIVE really enjoys his sex life to the extent that he is capable of enjoying it. The doctor added that it is the rare person who realizes that his sex life can be fuller and richer.

There are many things to know if one wishes to experience a deep emotional and freely sensual expression. Few love partners know all that there is to know.

Many people have bought the AMERICAN HANDBOOK OF SEX and MARRIAGE. It has shown them many facts. They have praised it. They have sent copies to their friends.

Why not examine and read this book yourself? You have nothing to lose. You have everything to gain! The book costs three dollars (Only \$3.00). If for any reason whatsoever you wish to return it, we will promptly refund your three dollars. No questions asked.

Won't you order your copy today? You'll be glad you did! All you do is simply send \$3.00 to JALART, 509 Fifth Ave., 12th Floor, New York 36, N. Y. Your copy will be promptly mailed in plain wrapper.

POST CARD  
Address

To pass away a sultry summer afternoon, the editors dreamed up an excellent way to brighten the U.S. males. We thought of putting pix of pulchritudinous pretties, like voluptuous Rose Velez, on postcards. It's only a dream, but think how happy we'd make the mailman. And if this plan gets the stamp of approval, we've got another up our sleeve. How about putting Rose on dollar bills? That way, it'd would make it much more pleasant to kiss your money goodbye!

The postman always rings twice, but he'd be so busy looking at Velez he might even ring thrice.

You don't need any equipment or gadgets. *Dynamic Tension* requires only 2 simple things of you: (1) a little of your spare time, (2) willingness to build yourself into a better, stronger, healthier specimen of manhood. **JUST 15 MINUTES A DAY** — right in the privacy of your own room. That's all it takes — and soon you'll really begin to feel **ALIVE**, chock-full of zip and go!
